

ECS Student Chapter Membership

Benefits of ECS Membership

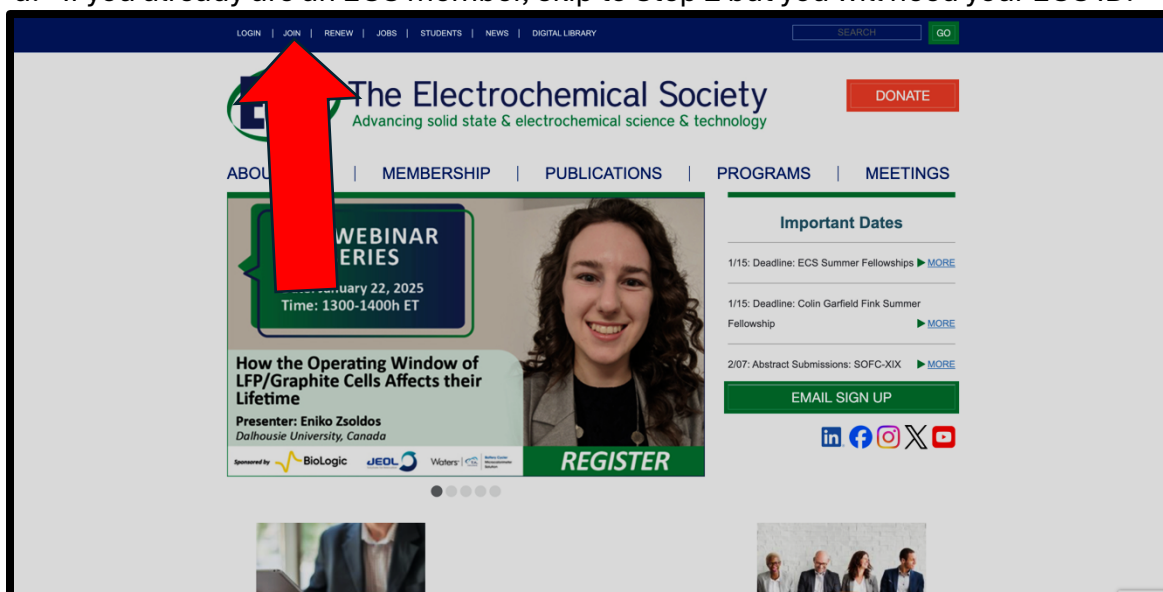

Normal ECS Memberships are \$130. Students only have to pay \$30, but those students who are in a Student Chapter get membership for free! Membership gives you access to thousands of ECS publications, discounts on publishing, and notifications about ECS conferences and webinars. It also gives you access to ECS scholarships ;)

Student members MUST reapply to membership EACH YEAR.

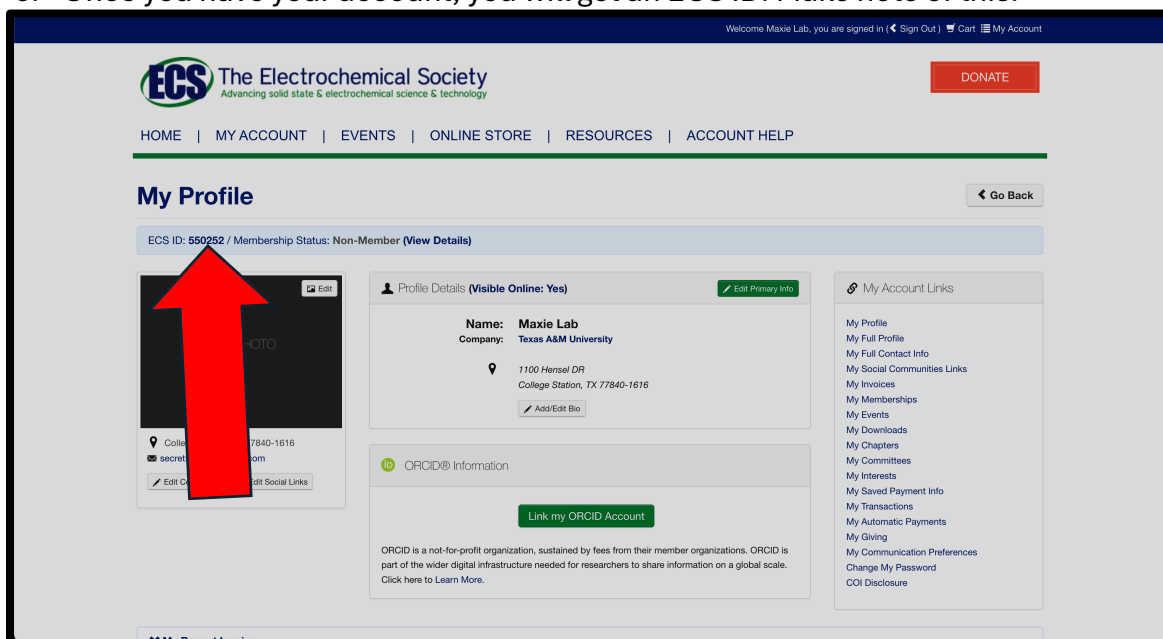

ECS Website: <https://www.electrochem.org/>

To Get the Free Membership

1. Make an ECS account. Go to [Join]
 - a. If you already are an ECS member, skip to Step 2 but you will need your ECS ID.

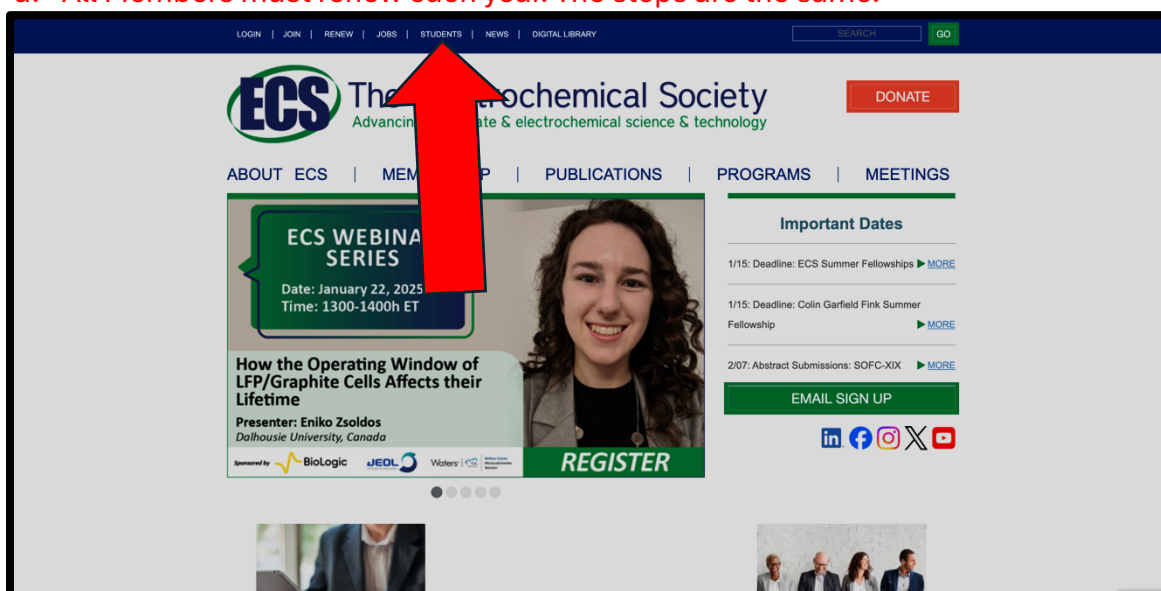

- b. This part should not require a payment
 - c. Once you have your account, you will get an ECS ID. Make note of this.

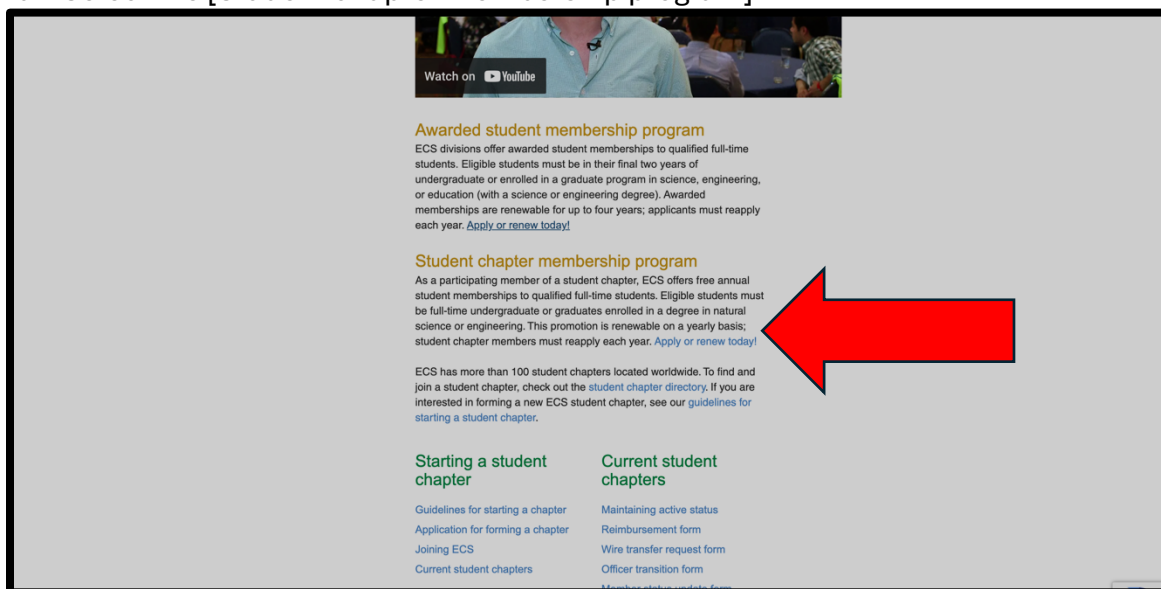

2. Now you will “purchase” the Student Membership. Go to [Students]

a. All Members must renew each year. The steps are the same.

b. Select the [Student chapter membership program]

c. Fill out the form and submit

- i. If you do not have an advisor, put Dr. Mark Barteau (barteau@tamu.edu). He is our Faculty Advisor.
